Education

Hogeschool van Amsterdam HBO-ICT
Present, 1st year

Learning more programming languages such as Java and SQL, creating better and meaningful applications and software.

Grafisch Lyceum Utrecht Webdesign
2018 - 2021

Jumped straight into the 2nd year. Learned basic HTML, CSS, PHP and JavaScript. Got interested in programming and UI/UX Design using Adobe Xd.

Grafisch Lyceum Utrecht Allround DTP
2016 - 2018

Learned a lot about printed matter, working with Adobe software, especially Adobe InDesign. Grew interest in creating websites

Experience

Accenture - Amsterdam Backend Developer Internship
sep 2023 - apr 2024

- Made UI for a web application that generates PDFs
- Developed the backend with Go, GORM and PostgreSQL.
- Created RESTful API's for the application
- Intergrated WKHTMLTOPDF, a command line tool to render HTML to PDF

Mr. Ynk - Hilversum Creative Developer Internship
feb 2020 - feb 2021

- Got into UX Design, made a big wireframe for a platform idea. Redesigned an about-page for the company website using Figma for the first time.
- Learned about Scrum-method and daily stand-up meetings. Wrote the frontend for an online namepicker tool to streamline daily-standup meetings using Vue.js

ttwwoo - Amsterdam Internship Graphic Design
feb 2018 - jul 2018

- Collaborated with Long Strategic Consultancy. Designed the company dossier using Adobe InDesign, maintained the company website, and created logo's and brand guidelines for a new company idea using Adobe Illustrator and Photoshop.
